The Comboni Missionaries in North America are partnering with Water with Blessings, a non-profit group in Kentucky that provides easy-to-use water filtration systems to those who need

them most. Providing access to clean water is just one of many ways we will be honoring the legacy of our founder, St. Daniel Comboni, during the 150th year anniversary of the founding of his institute.

**A DONATION OF \$60 CAN BRING SAFE DRINKING WATER TO FAMILIES IN UGANDA, AND ALSO TEACH THEM TO USE AND MAINTAIN THE FILTRATION SYSTEM.**

Having access to safe, clean drinking water is a fundamental human right. Yet, millions of people around the world are forced to drink dirty, bacteria-infested water because of draught, war, or famine. With access to safe water, these families will no longer need to worry about waterborne illnesses that can cause severe sickness and even death.
